

May 16, 1939.

Mr. Hank Rigney,
320 S. Detroit Ave.,
Toledo, Ohio.

Dear Mr. Rigney:

I am writing Tom Wilson an air mail special letter at this same time, asking him to call a Meeting in Phila this Saturday of all the Members, to try and straighten out the Toledo situation. All Teams will be in the East but yours, and I have suggested that the League pay your transportation to the Meeting, which I am sure they will be glad to do.

I asked Chairman Wilson to send wires to all Members directly himself. When and if you receive your wire, please do not hesitate to come because this will really be the only way to get this situation straightened out.

It is needless to say again that I am sorry for all the inconvenience you have suffered. I hope we will get things straightened out this week once and for all.

Very truly yours,

EM:CCJ

P. S. About Bob Evans, I have heard through gossip that he has been in touch with South America and is expecting to leave this week. I believe this South America thing is another one of the important situations confronting the League and we will have to do something about it.

Hope to see you this week-end.
